

The **SUE HENRY** **MEMORY PROJECT**

We are compiling a book of memories of our dear friend Sue Henry, and we are hoping for your happy stories, words, letters of remembrance, pictures, photos, thoughts and love!

We will be publishing a copy of the book to present to Cal and Grayson, so they can open and read the book when they are ready to share our memories of Sue. The book will be multimedia, incorporating digital and non-digital offerings, so whatever you are inspired to offer, we would be delighted to accept.

If you want to participate, you can contact any one of us below and we can arrange to pick up your contribution - or if it is a digital offering, you can forward it to Julie Charron's email address (below). We are looking to finalize the content of the book by August 30th, 2017. Your donation can be short, long, complex, simple - whatever you would like to do to remember Sue - and show her family how much she was loved by us all!

We will share the content with you all - and will let her family know what is in the package so they can decide when they are ready to open the book. We believe this will be a lasting memory of Sue for Cal and Grayson - while still respecting their wish for privacy. For many of us, this will also allow us a way to grieve for and to remember Sue!

Please feel free to share this with any and all who would be interested in participating! Welcome to all - and please excuse if you receive this request more than once - we want to make sure we don't miss anyone!
